Special Members-only Hawthorne Woods Cruise

Renee Gordon from Hawthorne Woods Assisted Living has invited our club back for a special club members-only cruise on Saturday August 30th from 6-8 pm. Last year was our first time for this event, and was well received by the residents who would otherwise not be able to attend a cruise. Hawthorne Woods is located at 791 Locust Ave. in Washington, Pa. Directions to Hawthorne are take Rt. 19 to the Washington Mall, turn right onto Oak Spring Rd. past Big Lots. At the stop light turn right onto Locust, Hawthorne will be on your left approx. ¼ mile.

Help us support Renee and Tim Gordon by coming to this event. Tim is the manager of the Advance Auto Parts on E. Maiden Street in Washington. Advance has donated many items to the club for our Second Chance Drawing and Chinese Auction. We had a good turnout last year, let's fill the lot this year!

Renee is the chef there and will be feeding us for free. So please attend this event and show your support.

Super Cruise

We had a very poor attendance for our Super Cruise and Mother Nature was to blame. The sun managed to come out after it rained for a few hours. We decided to give it a go and have the cruise. It was a very short cruise, but those who attended had fun. We had 8 gas cards that were sponsored to give away to those who came to the cruise. I'm sure everyone liked their odds with only having approximately 50 cars in attendance. We also had our Chinese Auction Raffle and 50/50 drawing.

I would like to thank all of the members who helped with set-up and tear down. A special Thank-You to Jeff Zavislak and Jim DeJohn who manned the entrance. Thank-You to Johnny Anderson for running the Chinese Auction. Thank-You Tom Shanor for getting all of the donations. There are a few anonymous donators I wish to thank. A big Thank-you to Penn Commercial School for letting us use the lot for the cruise. I'm sure I am forgetting to thanks others, so I'm sorry in advance.

Thank-You to all of our Gas Cards sponsors.

Road trip prep: 10 things to check before you hit the road

1. Perform basic maintenance on your vehicle before you head out such as checking wipers and fluid levels.
2. Check your battery to make sure it's strong and has clean terminals.
3. Inspect your tires for any tears or bulges in the side wall.
4. Have your service station inspect your car's brake pads to make sure they aren't worn or need replacing.
5. Bring supplies in the event of an accident or medical issue.
6. Check your vehicle's load capacity to make sure you aren't putting too much weight in the car.
7. A portable GPS navigation system will help you get where you're going.
8. If you're driving with kids, make sure you pack enough snacks, water, games, videos, and music to keep them comfortable and occupied during your journey.
9. Be patient. During busy travel times expect to hit traffic.
10. Be safe. Make sure you are driving safely and follow the rules of the road.

Just for laughs

A blonde was trying to sell her old car but was having a lot of problems because the car had 250,000 miles on it. One day she told her problem to a brunette that she worked with. The brunette told her: "There is a possibility to make the car easier to sell, but it's not legal."

"That doesn't matter," replied the blonde, "if I only can sell the car."

"Okay," said the brunette. "Here is the address of a friend of mine. He owns a car repair shop. Tell him I sent you and he will turn the counter in your car back to 50,000 miles. Then it should not be a problem to sell your car anymore." The following weekend, the blonde made the trip to the mechanic. About one month after that, the brunette asked the blonde: "Did you sell your car?"

"No," replied the blonde, "why should I? It only has 50,000 miles on it."

Christmas Party

I am looking to secure Napoli's Italian Restaurant in Meadowlands for our Christmas party location. The restaurant has had a few set backs for their opening, so as soon as I can I will try to book them for the event.

FUNNY

I was on vacation in Florida on Christmas vacation. I was walking down the beach and I see one of my colleagues approaching me. He is a psychologist. "You had breakfast yet," I ask?

"No." "Let's find a place." "Good," he says. "My car is right over there."

I get in his car, a brand-new Lincoln, and right away I notice that it's a stick-shift. I say, "You bought a new Lincoln with a stick shift? I didn't know that they made a Lincoln like that." "They don't," he says. "I ordered it special." "I'll bet that cost a fortune," I reply.

"Oh, ya. You got that right."

"Why would you buy a new Lincoln with a stick shift," I ask?

He says, "My wife can't drive a stick."

A teenage boy tells his father, "Dad, there's trouble with the car, it has water in the carburetor." The father looks confused and says, "Water in the carburetor, that's ridiculous!" But the son insists. "I tell you, the car has water in the carburetor."

His father, starting to get a little nervous, says "You don't even know what a carburetor is.... but I will check it out. Where is the car?"

"In the pool," replies the son.
