Financial Planning

Dan was a single guy living at home
with his father and working in the
family business.

When he found out he was going to
inherit a fortune when his sickly father
dies, he decided he needed a wife with
which to share his fortune.

One evening at an investment meeting
he spotted the most beautiful woman he
had ever seen.

Her natural beauty took his breath
away. "I may look like just an ordinary
man," he said to her, but in just a few
years, my father will die, and I'll inherit
\$200 million."

Impressed, the woman obtained his
business card and three days later, she
became his stepmother.

Women are so much better at financial
planning than men!!!

Making Plans

The Board members have been kicking
around some ideas for this years cruising
season. If you would like to hear all about
it, come to the membership meeting.

Winter car care tips

- Have the battery and charging system checked for optimum performance. Cold weather is hard on batteries.
- Clean, flush and put new antifreeze in the cooling system. As a general rule of thumb, this should be done every two years.
- Make sure heaters, defrosters and wipers work properly. Consider winter wiper blades and use cold weather washer fluid. As a general rule, wiper blades should be replaced every six months.
- Check the tire tread depth and tire pressure. If snow and ice are a problem in your area, consider special tires designed to grip slick roads. During winter, tire pressure should be checked weekly.
- Have the brakes checked. The braking system is the vehicle's most important safety item.
- Check to see that exterior and interior lights work and headlights are properly aimed.

Sponsors

The car club relies on sponsors to help with the cost of putting on club events. If you know of a business that could help us with sponsorship for dash plaques or items we can use for Chinese Auction, let any of the board members know. As always any item you can donate to the Chinese Auctions or use as give a ways would be greatly appreciated.
