Cruising Season

Well it really has been a long winter. I'm sure everyone has been anxious for the Cruises to start. Saturday May 3rd is our first Cruise of the season. You still have time to shine up your ride and come to McDonald's and support the club.

Hopefully the weather will cooperate this season for the Cruises. We rely on the Cruises and Super Cruise to help keep the club running and allow us to donate to the Ronald McDonald House at the end of the year.

Since there is only 8 board members, this year will be tough on us. We will need volunteers to help at the Cruises. Anyone willing to help, just come up to the table and volunteer.

If anyone is interested in filling the 4 vacant board positions, contact any board member.

10 Most Expensive Classic Cars

Automotive aficionados know that there are cars, and then there are "cars."

There are the cars we drive to work every day, the cars we use to take our kids to school, the cars we pick up groceries with and the ones we use to haul stuff from The Home Depot. They're utilitarian, reliable, practical and in most cases, they're relatively boring, too.

But others are the rare automobiles that provide more than just transportation. They're the ones that border on rolling art. The cars that most consider to be miracles of engineering. The ones that glorify speed and luxury. The ones that are best described as madness sitting on four rubber tires.

As long as people have been driving, cars like these have existed. Some individual or some company has always been there to push the envelope, to ask, "How much faster can we make this? How much better can it be?" Every era of automotive history has its legends. They have names like Bentley, Bugatti and Ferrari.

Many of them were made in extremely limited numbers during their time, and of those few, many became lost to history. A rare handful (or fewer) are still around, flaunting record-breaking speed and handling from a time long since past.

They can be yours, too -- if you've got the cash. The average person would never even consider spending \$100,000 on a car. So what would make a person spend several million dollars on a car?

10 Car: 1962 Ferrari 250 LM

Number produced: 32

Price at auction: \$6.9 million

9 Car: 1965 Shelby Daytona Cobra Coupe

Number produced: 6

Price at auction: \$7.25 million

Number produced: About 50

Price at auction: \$10.9 million

And the # 1 Car: 1957 Ferrari 250 Testa Rossa

Number produced: 22

Price at auction: \$12.1 million

Wanted

Wanted Club Members to help with the Super Cruise. No experience necessary. Just a will to help in what ever area is needed.

The Super Cruise date is Sunday Aug. 3rd. Anyone willing to help please arrive between 8:00 -8:30. We will need help in these areas:

Set-up tables/tents, set-up Chinese Auction, man the tables, help collect money at entrance, pass out door prize tickets, relieve others for breaks etc..

We also will need help taking down tables, tents, collecting trash bags, etc.. Basically whatever is needed at the time.

We need donations for the Chinese Auction. If you can donate any new item or can get donations sponsored, let me know, or you can just bring them to the Super Cruise.

I would like to thank-you in advanced.

JAMIE

Just for Laughs

If lawyers are disbarred and clergymen defrocked, then doesn't it follow that electricians can be delighted, musicians denoted, cowboys deranged, models deposed, tree surgeons debarked, and dry cleaners depressed?

Do Lipton Tea employees take 'coffee breaks?'

I thought about how mothers feed their babies with tiny little spoons and forks, so I wondered what do Chinese mothers use. Toothpicks?

Is it true that you never really learn to swear until you learn to drive?

Welcome

Welcome new members Bob & Sharon Karpy and their 1939 Chevy Master Deluxe Coupe & 1973 Dodge Challenger.

One liners

You're getting old when you don't care where your spouse goes, just as long as you don't have to go with them.

Middle age is when you have stopped growing at both ends, and have begun to grow in the middle.

You're getting old when "getting lucky" means you find your car in the parking lot.

FYI

Just passing along info that the Cruisin' T-Town Car Show is cancelled for this year. Penn Dot is closing the bridge in Taylorstown the second week in June. Any questions you can contact Cheryl Cunningham 724-948-3059.

Merchandise

Club merchandise can be purchased by contacting Scott on his cell at 724-986-9713.

Wanted

Wanted 235 Chevy Engine 1953-54 or 1958-62 with motor mounts on the side. Contact Charles Klein 724-225-3486.
